## About the Webinar

This session covers essential topics for understanding sexuality and gender such as terminology, identities, pronouns and gendered language, and best practices for fostering inclusive spaces for 2SLGBTQIA+ communities. We will also examine the impacts of marginalization, intersectionality, and the lived experiences of 2SLGBTQIA+ individuals. Participants will gain practical tools for allyship, helping to create safer, more affirming spaces, and will learn about QMUNITY's Legal Clinic, which offers low-barrier legal services tailored to the unique needs of 2SLGBTQIA+ communities.
