

## AVA is Recruiting for the Triadic Mentorship Program

**The Triadic Mentorship Program is now accepting new applications from scholars, community agency leaders, & university academics.**

**Scholar-mentees receive mentorship to grow their careers and learn from national leaders!**

As a scholar-mentee, you'll craft a personalized development plan alongside an AVA community agency leader and an AVA academic professional, propelling you toward your goals.

If you are interested in being a mentor, your guidance will be instrumental in nurturing the next generation of researchers, and fostering their growth and success. Academics who are "named" mentors in the AVA Training Platform Grant will be contacted by an AVA Lead when looking for suitable mentors for mentee applicants.

Apply to become a scholar-mentee or mentor in the January 2024 cohort of the Triadic Mentorship Program today!
